

Ahoy Members of the Cedar Mills Yacht Club,

Welcome to a new year and hopefully with more water for Lake Texoma.

I hope every one of you had a good 2011, despite our low water, hot temperatures and green-blue algae that stopped everyone from cooling down in August.

With a change in the weather and water tables, perhaps we can do more anchoring out or sailing in a fun race this year.

No doubt, the weather affects us in these aspects.

That being said, we had a great year with parties and events.

If you missed any of them, then you missed seeing your friends or fellow members and having a great time.

This year we have a new Board with many great ideas planned for 2012. Please check the calendar and make it a point to join us if you can.

We have several un-hosted party ideas up on the board at the yacht club, so if you wish to host a party/theme, please contact the Cruise Captain, Bill Halley.

If you wish to get involved with the Race Captain, give Robby Hogan a call or e-mail as well.

Remember, we have board meetings at the clubhouse on Saturday's. Starting time is 9:30am.

Check the calendar, if you have an idea or something to say, please join us.

This is your Yacht Club, we can make it happen again in 2012.

Sincerely,

CaptLink

C.M.Y.C. Commodore
